Dear Hiring Manager,

I am writing to you today to invite you and your civic-minded company to attend the Parsippany Area Chamber of Commerce's Third Annual "Free" Job Fair. Open to all companies seeking to assist job seekers and/or hire quality candidates, this event provides a positive experience for all involved. This year, it will return to the Meadow Wood Manor on Wednesday, April 27, 2011 from 10:00 AM to 2:00 PM and intended to exceed last year's positive results that included thirty-eight companies helping over five-hundred job seekers! Marketing efforts this year include a variety of media resources including radio, print, electronic, social media, and community-based outreach. For your convenience, the Chamber offers a complimentary breakfast, lunch, and wireless internet access. This fine event is brought to you by generous donations through the Parsippany Area Chamber of Commerce's Employment Outreach Program and is designed to drive community and economic growth through attracting and retaining businesses through Morris County's "Quality Workforce."

The Chamber and I strongly feel that a company's most important asset is its employees who create a successful company. In the 11th District, we have a solid workforce offering a variety of skills, education, and experience to meet diverse needs. The Chamber offers a variety of services to allow your civic-minded organization to support our workforce through a free job posting board, workforce development newsletter, career counseling, job fair, scholarships, and internship program. All of these services, including the job fair, are "Free Services" in the Greater Parsippany Area. The funding and support for these programs are provided through the Parsippany Area Chamber of Commerce and its supporters that include the Small Business Development Center of NW New Jersey and the Morris County Chamber of Commerce.

This event brings together the talents in our 11th Congressional District and I ask you to support the Parsippany Area Chamber of Commerce's efforts to help our unemployed labor force. Please contact the Chamber at 973-402-6400 or email craig@parsippanychamber.org on how you would like to support these fine initiatives. Again, thank you for your support and we look forward to providing you with the best workforce to help our companies prosper!

Warm Regards,

Rodney P. Frelinghuysen
Member of Congress
